

# JVC

Audio Products 2012  
Life, Style, Music

The background of the entire page is a soft-focus photograph of two calla lilies in clear glass vases. The lilies are white with yellow centers and green stems. They are placed on a dark, reflective surface, likely a table. The background wall is a light, neutral color.

# Music in harmony

You create your environment to match your lifestyle. The color of the wallpaper, upholstery on the sofa, and wall color should all be in harmony. Now your audio system can also be in total harmony with your perfect environment. A completely unique concept in a personal audio system, NX-SA offers large acoustic fields combined with a simple and stylish design like no other home audio system available today.

Designed to be a part of your interior

A built-in subwoofer and four speakers make a wider “sound sweet spot” than ever before

Stylish design and unique sound give you “place anywhere” freedom

## NX-SA1

Inside a unique tumbler shape, NX-SA features four speakers placed in a circle with a subwoofer at the bottom, creating unique sound fields around the unit. Featuring an iPhone 4S compatible retractable iPhone/iPod dock and FM tuner, this compact breakthrough system is so adaptable it can be placed almost anywhere in the room. A totally unique style and immersive sound, that makes your music come alive.

## Making a wider “sound sweet spot” than ever before

Four speakers are placed in a circle facing out and a subwoofer is at the bottom facing down. This unique multi-speaker configuration can fill up your room with amazing sound fields. No matter where you move around the room the best sound follows you around. Coupled with simple and modern styling, it's easy to place the unit anywhere.

# Music always in sync

Your clothes, your look, your interior – they all tell the world who you are. Don't forget your audio system. It should sync with your style, too. That's why your choice should be UX-VJ5 or VJ3, totally new concepts in a personal audio system that dock to an iPhone®, iPod® and iPad®. Now your look is complete. Sit back and enjoy with a soothing cup of coffee.

Smart design matches your décor and lifestyle

Connect and recharge your iPhone/iPod/iPad

Video output connects your iPhone/iPod/iPad to any TV

## UX-VJ5/VJ3

Made for  
iPod iPhone iPad

These units have a great little secret. When not in use, the docking mechanism is out of sight leaving an eye-pleasing sleek, streamlined look. Even better, an iPhone/iPod can be docked horizontally to catch some video. Soft illumination at the base of the unit gives an amazing floating illusion. There's more, UX-VJ5 offers a CD player for listening pleasure without limitations.

UX-VJ5

## EX-S1

Made for  
iPod iPhone

With the EX-S1 you will never have to settle for second best. The EX-S1 micro component system is a sound system that defies its size. Its low profile design blends in with any décor and its convenient iPhone/iPod dock will give you a music experience like never before.

## Colors

\* Please note that certain types & colors are only available in specific countries. Please visit <http://www.jvc.net/ex-s1/color/> for more details.

# Music comes naturally

Curl up on your favorite chair, kick off your shoes and turn up the volume. It's never been better thanks to EX-S1 with high quality, real wood cone speakers that create a more natural, breath-taking sound experience. The cares of the day melt away when listening to your favorite tracks.

Low profile design can be integrated with any décor

Pure, natural sound from JVC's original Wood Cone speaker system

Video Out connects your iPhone/iPod to a TV

# Music all charged up

Have a blast wherever you go with these go-anywhere music masters that tell the world “listen up”! JVC’s sound secrets are: unique large side-mounted twin subwoofers that pour out powerful bass sound. RV-NB Series is the best partner for music lovers and dance enthusiasts everywhere.

Jam or sing along to your favorite tunes

Distortion function for more excitement

Go anywhere battery operation with powerful subwoofers

## RV-NB90/NB70 RV-NB50 Series

The RV-NB units are conveniently portable and can also be battery operated. Enjoyment is a simple matter of slipping in a CD, plugging in your USB or docking your iPod. Thanks to the dual woofers and unique tube-shaped design, the sound is extremely powerful. What's more, the brand new RV-NB90 with Bluetooth wireless technology sports features like distortion and metronome functions that are perfect for the guitar player in you! So get all charged up, then strum and sing along to your favorite music.

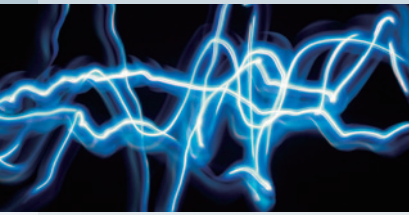

RV-NB90B

## Wireless freedom with Bluetooth® connectivity

The RV-NB90 lets you wirelessly play your music stored in your iPhone® or an Android™ phone using Bluetooth® Wireless Technology. Now you don't have to run to the system every time the music ends. You can concentrate on keeping your performance going.

## Rock on with JVC's built-in distortion function

With the new RV-NB90, you can play your guitar like a true rock musician. Enjoy dramatic distortion of your guitar sound without an effector or a separate amplifier. Simply plug your guitar into RV-NB90 and rock away to whatever moves you.

## Get Creative With USB Mixed Recording

The new RV-NB90 offers mixable recording capability. Music from a CD, FM/DAB+ Tuner or other device connected to Audio IN can be mixed with your performance whether you are singing or playing a guitar. It's an easy way to make a demo or check how well you are playing.

XTREME XPLOSIVES Series Headphones

## Take your studio on the road

Thanks to the RV-NB90's powerful sound and convenient features like USB mixable recording and metronome functions, anywhere you go can be either a dance or recording studio. Its rugged tube form design, with plenty of music input choices, makes it the clear choice for every dance/music lover on the go.

## Music to the max

Add an exciting new dimension to TV viewing. Hold onto your seats and really become part of the action when you connect a TH-LB compact bar speaker. You'll enjoy an instant home theater experience with all-around-the-room surround sound using the built-in 4-speakers. The TH-LB Series offers superior sound quality in a very compact body making it the perfect companion for private viewing of a smaller TV.

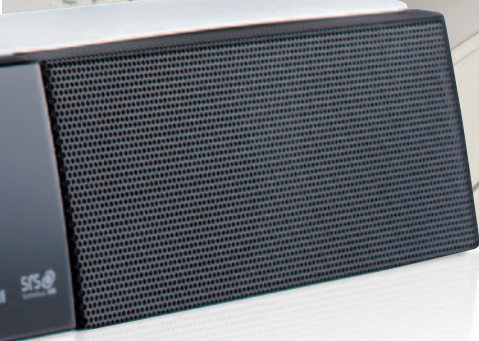

60cm short-width bar speaker with iPhone/iPod dock

Advanced SRS StudioSound HD provides an authentic surround sound experience

Wall mount or set in front of TV for a streamlined look

\* TH-LB ansluten till en 32-tums TV-skärm

## TH-LB3/LB2

Made for  
iPod iPhone

Out of sight and out of this world. This trim unit fits perfectly with a TV in your personal room. Simply connect the TH-LB to a TV, Blu-ray player, DVD player or game console and enjoy the room-filling SRS StudioSound HD. What's more, TH-LB is equipped with a retractable front-loading iPhone/iPod dock for enjoying your favorite music with superior sound quality.
